The course will provide you with information on a wide range of works of European art and architecture from the period 1400-1700. Important questions addressed in present-day scholarship will be discussed, such as:

- the problem of center and periphery
- patterns of artistic exchange
- importance of artist migration

Franciszek Skibiński, PhD, graduated at the Utrecht University. He published in Poland, Italy, The Netherlands, Belgium and Denmark, and presented in New York, Amsterdam, Florence, Berlin and Copenhagen, among others.
