

II International Conference:

ARGUMENTATION AS A COGNITIVE PROCESS

Neurodynamics, Logic and Models of Argumentation
Nicolaus Copernicus University,
Torun 2010, 13 - 15 May

With related events: **LOGIC IN COGNITIVE SCIENCE**

The Conference is dedicated to the memory of **John L. Pollock (1940-2009)**
and organized under the auspices of **the Polish Society for Cognitive Science**

ORGANIZERS: Department of Philosophy – Section of Cognitive Science, Department of Logic,
Department of Applied Informatics & The Polish Society for Cognitive Science

CONFERENCE ROOM:

Faculty of Mathematics and Informatics, Chopina Street 12/18

Keynote speakers:

Joe Cruz (Department of Philosophy, Williams College, Willimastown Mass., USA)
Naturalized Epistemic Norms

Jacques Dubucs (CNRS Paris Univ. I, IHPST/Ministère de la Recherche, France)
Anisotropy of Possibilia: Shared Frame in Argumentation and Discussion

Włodzisław Duch (Department of Applied Informatics, Nicolaus Copernicus University, Poland)
Neurodynamics of Concepts

Paweł Kawalec (Department of Methodology of Science, Catholic University Lublin, Poland)
Probabilistic Argumentation Theory. John Pollock's Objective Non-Bayesian Probability

Ryszard Wójcicki (Polish Academy of Sciences, Institute of Philosophy and Sociology, Poland)
Two Ways of Knowing Things; Explicit vs. Implicit Knowledge

Polish Society
for Cognitive Science

This conference is organized within the framework of a cooperative project between
Nicolaus Copernicus University (Institute of Philosophy)
and **Rutgers, The State University** (Center for Cognitive Science).
